## 2. Introduction

This guide has been created as a reference for University staff who have the 'Student Union Approver' role within the Associates System, and is designed to describe the system and the actions that can be performed within it. The system takes the place of the previous Associates system and introduces a new process of requesting an Associate Account, creating Students Union Staff Accounts and requesting Temporary Accounts.

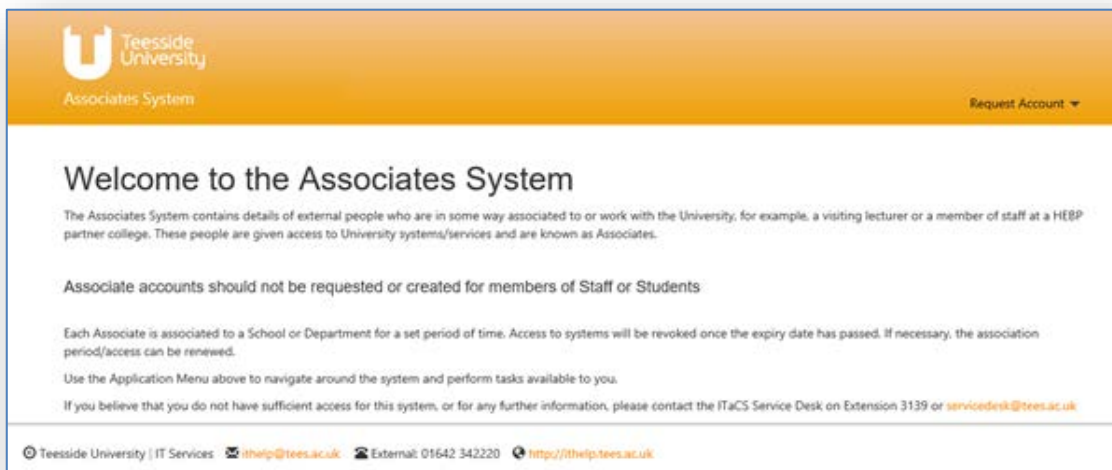

An Associate is an external person who is in some way associated with the University, for example, a visiting lecturer or a member of staff from a HEBP partner college.

An Associate can be given access to University systems/services. Each Associate is associated to a School or Department for a set period of time. Once this period has expired, the Associate's access to systems is revoked. If necessary, the association period/access can be renewed.

If you have any queries, please contact the ITaCS Service Desk on Extension 3139 or [ithelp@tees.ac.uk](mailto:ithelp@tees.ac.uk).

## 3. Accessing the System

The Associates System is available at <https://apps.tees.ac.uk/Associates>. On visiting this page, the screen below will be shown:

### 3.1 Home Page

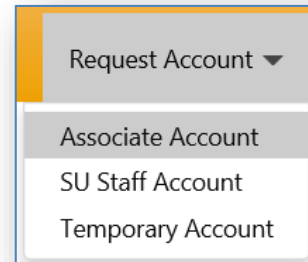

The Home Page contains information regarding Associates, including the important line "Associate accounts should not be requested for members of Staff or Students". Any user who falls into this category will already have system access as per their account.

## 3.2 Application Menu

The Application Menu is shown in the top right hand corner of the screen. Users will see different options dependant on their level of access to the system. Users with the 'SUApprover' role will see the 'Request Account', 'Approvals' and 'Transfer' options.

## 4. Requesting an Associate Account

To begin the process of requesting an Associate Account, click the 'Request Account' menu item, and then select 'Associate Account' from the drop down list that appears.

The user will then be taken to the 'Account Check' screen.

### 4.1 Account Check Screen

To help prevent the creation of duplicate Associate Accounts, before being able to request a new account, the system must be checked to ensure that an account does not already exist for the person in question.

A screenshot of the 'Account Check' screen in the Teesside University Associates System. The page has an orange header with the Teesside University logo and 'Associates System' on the left, and 'Request Account' with a dropdown arrow on the right. The main content area is white and titled 'Account Check'. Below the title is a paragraph: 'Before being able to create an Associate Account, we need to check that the person is not already an active Associate, is not a member of Staff and is not a Student. Complete the fields below to perform the check.' Below this is a 'Personal Details' section with a form containing the following fields: 'Title' (a dropdown menu), 'Forename' (a text input field), 'Initial' (a text input field), 'Surname' (a text input field), 'Date of Birth' (a date picker), and 'Gender' (a dropdown menu). At the bottom right of the form are two buttons: 'Check' (with a magnifying glass icon) and 'Clear'. The footer of the page contains contact information: '© Teesside University | IT Services', an email icon followed by 'ithelp@tees.ac.uk', a phone icon followed by 'External: 01642 342220', and a globe icon followed by 'http://ithelp.tees.ac.uk'.

#### 4.1.1 Personal Details

The 'Personal Details' section contains the following fields which should be completed to check for an existing Associate Account (fields marked with asterisk must be completed):

Title – Select the person's title from the drop down list

Forename\* – Enter the person's forename, e.g., "Lee"

Initial – Enter the person's middle initial (if they have one), e.g., "T"

Surname\* – Enter the person’s surname, e.g., “Spargo”

Date of Birth – Select the person’s date of birth from the date picker

Gender – Select the person’s gender from the drop down list

#### 4.1.2 Checking for existing Accounts

Having entered the details, click the ‘Check’ button to search for the person within the system. Three tables will be shown on screen, displaying the details of any matching Associates, Staff or Student records.

If an Associate Account already exists, the details will be shown, including Expiry Date. If the Expiry Date is in the future, i.e., a date later than today, then the person has an active Associate Account. If the Expiry Date has passed, then the person has an Associate Account, but does not have an active association – in this case, the Approver who is named in the table should be contacted to arrange for a new association to be created. Failing that, contact the ServiceDesk for advice.

If no existing account is found for the person in question, the screen will look as shown below. Click the ‘Request Associate Account’ button to continue the process.

The screenshot shows the 'Associates System' interface. At the top, there is a header with the Teesside University logo and the text 'Associates System' and 'Request Account'. Below the header, a message states: 'Before being able to create an Associate Account, we need to check that the person is not already an active Associate, is not a member of Staff and is not a Student. Complete the fields below to perform the check.' The form is divided into sections: 'Personal Details' with fields for Title (Mr), Forename (Thomas), Initial (R), Surname (Spargo), Date of Birth (15 Mar 1949), and Gender (Male). There are 'Check' and 'Clear' buttons. Below this are three sections: 'Matching Associate Accounts', 'Matching Staff Accounts', and 'Matching Student Accounts', each displaying 'No records found'. At the bottom, a message says: 'If no records were found, or the records that were found are not the individual for whom you were searching, click the button to request a new account.' and there is a 'Request Associate Account' button.

## 4.2 Associate Account Request Form

The full ‘Associate Account Request Form’ opens when a user has not found an existing account and has clicked the ‘Request Associate Account’ button. The first section of the form pulls through the ‘Personal Details’ that were entered in the account checking stage so that they do not have to be re-entered.

**Association Details**

School/Department Approver Association Type Length of Association

ITaCS

Associates of the selected Type will receive the access shown below. Please uncheck any that are not required for this account.

#### 4.2.1 Organisation Details

The 'Organisation Details' section contains the following fields which should be completed:

Organisation – Select the person's organisation from the drop down list.

If the organisation does not already exist, click the 'Add New' button and complete the form to add the new organisation.

Job Title / Role\* – Enter the person's job title, e.g., "Lecturer"

#### 4.2.2 Contact Details

The 'Contact Details' section contains the following fields which should be completed:

Email Address\* – Enter the person's personal email address, e.g., "trspargo@live.co.uk". Note that addresses ending in "tees.ac.uk" will not be accepted.

Confirm Email Address\* – Re-enter the person's personal email address, this must match the address in the field above.

Telephone Number\* – Enter the person's telephone number, e.g., "01642 774588"

Mobile Number – Enter the person's mobile number, e.g., "07740388566"

Address\* – Enter the person's home address, e.g., "5, Shipham Close"

Town\* – Enter the person's home town, e.g., "Redcar"

County – Enter the person’s home county, e.g., “North Yorkshire”

Post Code\* – Enter the person’s home post code, e.g., “TS10 2RT”

### 4.2.3 Association Details

The ‘Association Details’ section contains the following fields which should be completed:

School/Department – This field is automatically completed with the School/Dept of the logged in user, e.g. “ITaCS”.

Approver\* – Select an Approver from the drop down list (the list displays Approvers from the same School/Department), e.g., “Poole, Geoffrey”

Association Type\* – Select an association type from the drop down list, e.g., “HEBP Staff”.

Length of Association\* – Select an length of association (time period for which the account will be active) from the drop down list, e.g., “One Year”.

### 4.2.4 Associate Access

When an Associate Type has been selected, checkboxes will be shown at the bottom of the form dependant on the default access for the selected Associate Type.

These are labelled “PC Login”, “TUSC Card” and “Wi-Fi Access” (one, two or three of these will be displayed). If any of these levels of access are not required for the person in question, uncheck the relevant checkbox.

Once the form has been fully completed, click the ‘Submit’ button to submit the application. A message will be shown on screen to confirm that the form was successfully submitted and the user will be returned to the Home Page.

## 4.3 Request Approval Process

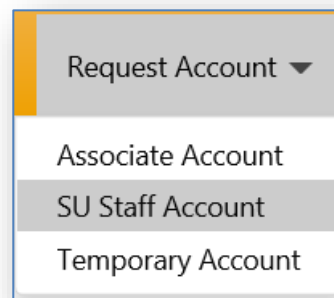

On successful submission of the ‘Associate Account Request Form’, an automated email is sent to the selected Approver, who must review the request and either approve or decline it.

If the request is approved it is passed on to the ITaCS Service Desk, where the process of creating the account will be completed. Following this, the Service Desk will inform the Associate of their account. If, however, the request is declined by the Approver, you will receive an email informing you of this and the reason for the decision.

## 5. Requesting a Student Union Staff Account

To begin the process of requesting a Student Union Staff Account, click the 'Request Account' menu item, and then select 'SU Staff Account' from the drop down list that appears.

The user will then be taken to the 'Account Check' screen. This part of the process is the same as that described in Section 4.1, above. Having completed the account checking process, the screen below will be displayed.

### 5.1 Student Union Staff Account Request Form

The full 'Student Union Staff Account Request Form' opens when a user has not found an existing account and has clicked the 'Request Associate Account' button. The first section of the form pulls through the 'Personal Details' that were entered in the account checking stage so that they do not have to be re-entered.

A screenshot of the 'Student Union Staff Account Request Form' in the Teesside University Associates System. The form is titled 'Student Union Staff Account Request Form' and includes a note: 'In order for us to grant access to University Information Systems, it is necessary for all of the information below to be completed. All fields are mandatory.' The form is divided into three sections: 'Personal Details', 'Org. Details', and 'Contact Details'.  
**Personal Details:** Fields for Title (Mr), Forename (Kev), Initial, Surname (Lowe), Date of Birth (26 Mar 1992), and Gender (Male).  
**Org. Details:** Fields for Organisation Name (Teesside University Students' Union) and Job Title / Role.  
**Contact Details:** Fields for Email Address, Confirm Email Address, Telephone Number, and Mobile Number.  
At the bottom of the form are 'Submit' and 'Cancel' buttons.

### 5.1.1 Organisation Details

The 'Organisation Details' section contains the following fields which should be completed:

Organisation – For SU Staff, the Organisation is automatically populated with “Teesside University Students’ Union”

Job Title / Role\* – Enter the person’s job title, e.g., “Activities Officer”

### 5.1.2 Contact Details

The 'Contact Details' section contains the following fields which should be completed:

Email Address\* – Enter the person’s personal email address, e.g., “trspargo@live.co.uk”. Note that addresses ending in “tees.ac.uk” will not be accepted.

Confirm Email Address\* – Re-enter the person’s personal email address, this must match the address in the field above.

Telephone Number\* – Enter the person’s telephone number, e.g., “01642 774588”

Mobile Number – Enter the person’s mobile number, e.g., “07740388566”

In the database, the following fields are automatically populated for all Student Union Staff with the values below:

Address\* – “Campus Heart, Borough Road”

Town\* – “Middlesbrough”

County – “North Yorkshire”

Post Code\* – “TS1 3BA”

### 5.1.3 Association Details

The 'Association Details' section that is present when requesting an Associate Account, in Section 4.2.3, is hidden from the SU Staff Account Request Form, and the values are automatically assigned to the record as described below:

School/Department – “SU”

Approver – The logged in ‘SU Approver’

Association Type – “Student Union Staff”

Length of Association – “One Year”

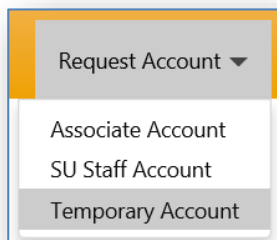

Inform of Expiry – “Yes”

## 5.2 Request Approval Process

When a user with general access to the system successfully submits the 'Associate Account Request Form', an automated email is sent to the selected Approver, who must review the request and either approve or decline it (see Section 6 for details on this). However, as a logged in 'SUApprover', it is assumed that the request has already been approved so this step is not required.

Once submitted by an 'SUApprover', the request goes straight to the ITaCS Service Desk, where the process of creating the account will be completed. Following this, the Service Desk will inform the Associate of their account.

## 6. Requesting a Temporary Account

A 'Temporary Account' is a scaled-down version of an Associate Account which lasts for a shorter time period (usually 30 days or less) and also has less access to University systems.

To begin the process of requesting a Temporary Account, click the 'Request Account' menu item, and then select 'Temporary Account' from the drop down list that appears.

The user will then be taken to the 'Temporary Account Request Form'.

### 6.1 Temporary Account Request Form

The 'Temporary Account Request Form' contains a series of fields which should be completed before requesting the account(s).

A screenshot of the 'Temporary Account Request Form' in the Teesside University Associates System. The form is titled 'Temporary Account Request Form' and includes a header with the Teesside University logo and 'Associates System'. A 'Request Account' dropdown menu is visible in the top right corner. The form contains several fields: 'Account Group/Name', 'Number of Accounts (max 100)' (with a value of 0), 'Reason for Accounts', 'Activation Date' (14 Jul 2017), 'Long Term Account' (checkbox), 'Days to Stay Active' (1), 'Initial Password' (tfr7#tk), and 'Responsible Staff Contact' (Spargo, Lee (U0019557)). There are also checkboxes for 'PC Login' and 'WiFi Access'. A note at the bottom states: 'Please note - Temporary Accounts for persons under the age of 18 should only be used where sessions are supervised'. At the bottom of the form are 'Save' and 'Cancel' buttons.

### 6.1.1 Temporary Account Details

The form contains the following fields which should be completed (fields marked with an asterisk are mandatory):

Account Group/Name\* – Enter the Group Name for all Temporary Accounts that are being requested, e.g., “SCM Summer School”.

Number of Accounts\* – Enter the number of Temporary Accounts that are required in the Group, e.g., “30”.

Reason for Accounts\* – Enter a short description as to why the Temporary Accounts are required, e.g., “Access required for 30 children from local school, visiting SCM on Summer School programme”.

Activation Date\* – From the date picker, select the date that the Temporary Accounts should become active.

Long Term Account – This checkbox should only be checked if the Temporary Account is required for a time period longer than 30 days. It is very rare that this should be checked.

Days to Stay Active – Enter the number of days for which the Temporary Accounts should be active, e.g., “20”. The maximum number that can be entered is 30 days, unless the ‘Long Term’ checkbox has been checked, in which case the number must be between 31 and 365.

Initial Password – Automatically generated password that all Temporary Accounts will use to log on to systems. This can be changed if necessary.

Responsible Staff Contact – Defaulted to the name of the logged in user. Can be changed if necessary.

### 6.1.2 Services Required for the Accounts

Below the main detail of the form, there are two checkboxes which determine the access of each Temporary Account in the Group.

PC Login – Check this checkbox if the Temporary Account user will need to login to a PC on campus.

Wi-fi Access – Check this checkbox if the Temporary Account user will need to connect to the wireless internet whilst on campus.

Once the form has been fully completed, click the ‘Save’ button to submit the application. A message will be shown on screen to confirm that the form was successfully submitted and the user will be returned to the Home Page.

## **6.2 Temporary Account Request Approval Process**

On successful submission of the 'Temporary Account Request Form', an automated email is sent to the ITaCS Service Desk, who must review the request and either approve or decline it.

If the request is approved, the process of creating the accounts will be completed. Following this, the Service Desk will inform the Responsible Staff Contact of the accounts. If, however, the request is declined by the Service Desk, the Responsible Staff Contact will receive an email informing of this and the reason for the decision.
