

How to connect an iPhone OS 7 to Student MyMail

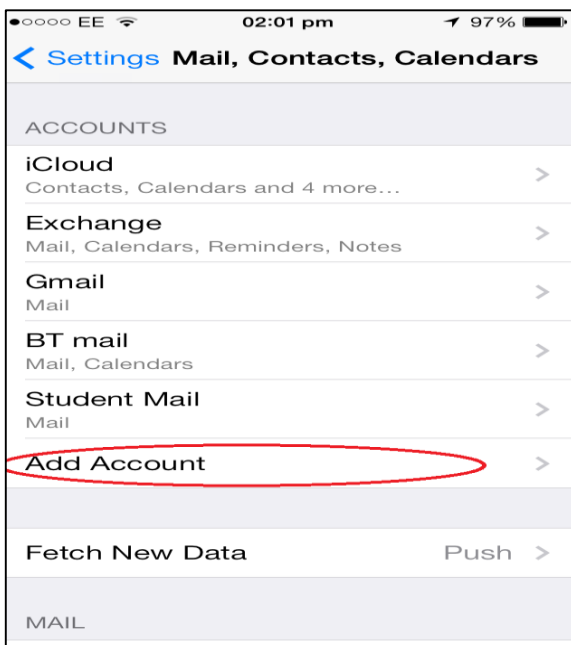

Step 1:- Select Settings and Mail, Contacts, Calendars

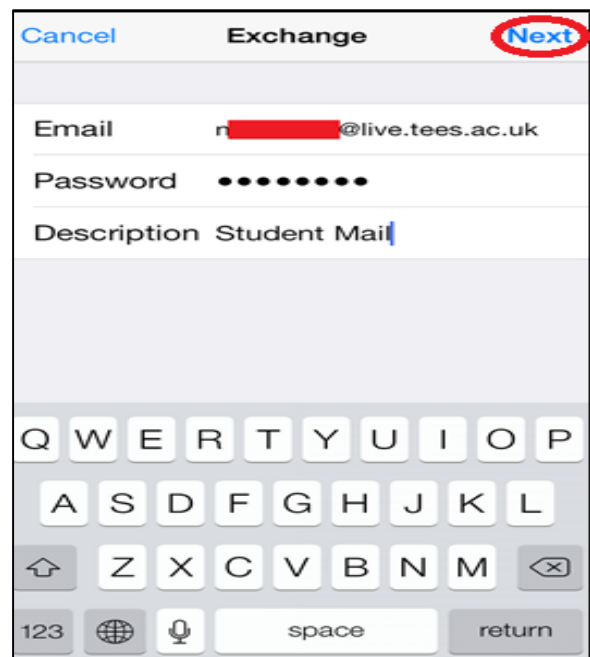

Step3 Select Exchange

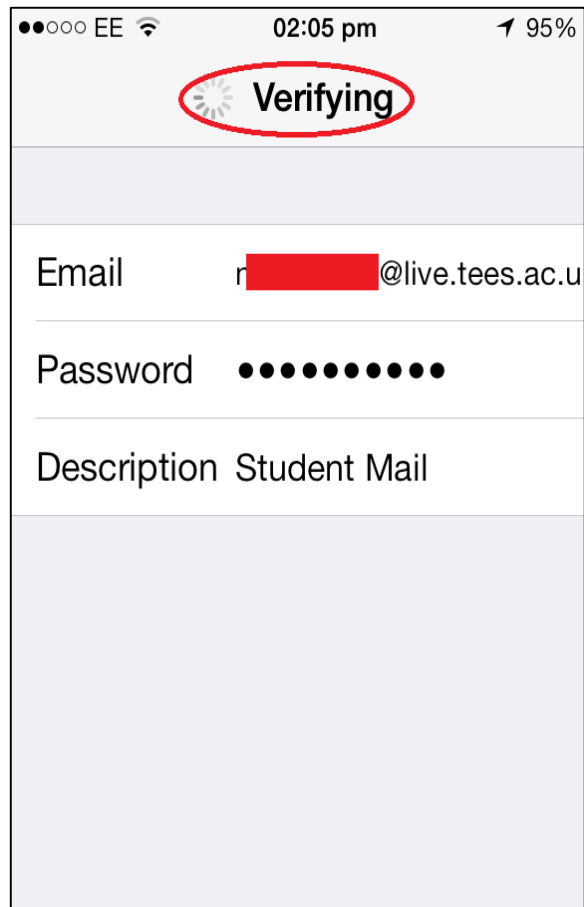

Step2: Select Add Account

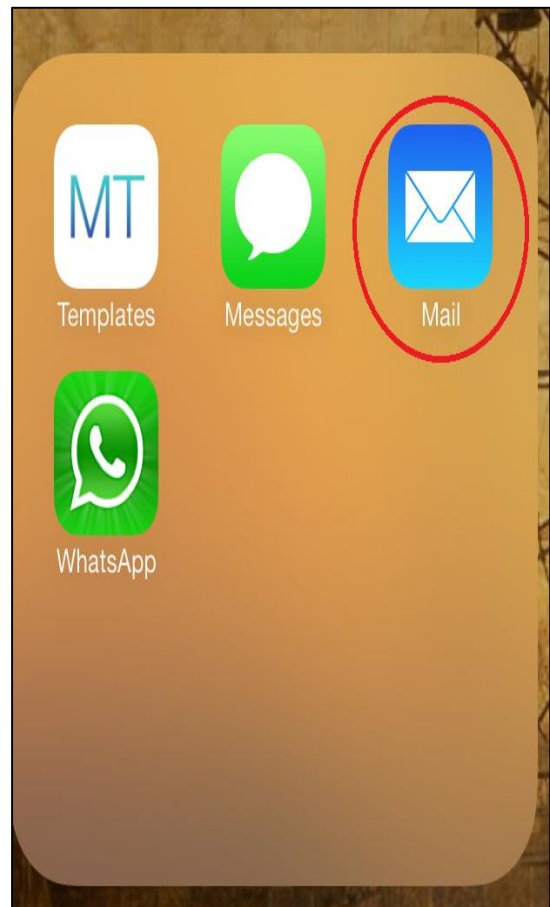

Step 4 Enter your details as shown below and select **Next**.

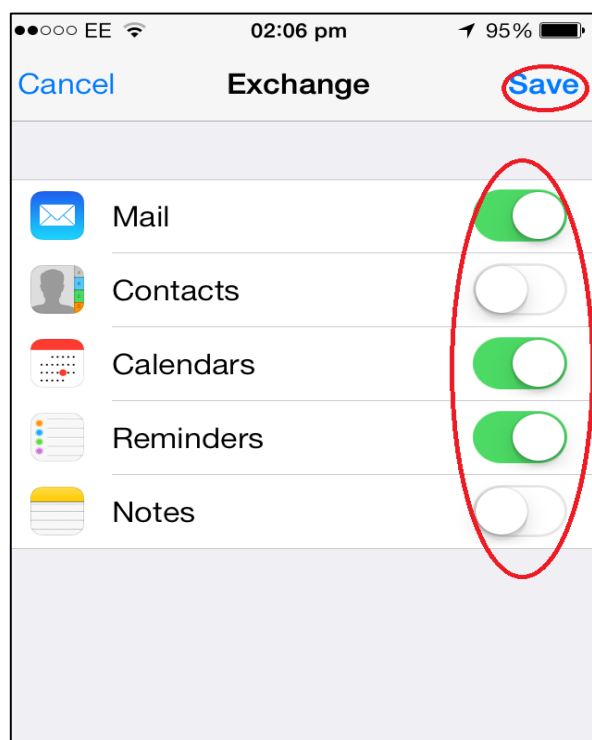

Step 5 The account will verify. This can take 30 or more seconds. If this fails, you have inputted the wrong username or password in **step 4**.

Step 7 Close the settings and open your mail icon

Step 6 Select the items you wish to synchronise by using the sliders and select **Save**.

Step 8 Select Student mail and your emails will be displayed.
