3.00pm-5.00pm	Individual interviews	To be confirmed on the day	Please remain in the allocated waiting area for your course until you are called for your interview session. Individual interviews normally last between 15 and 30 minutes.  Refreshments will be available while you are waiting for your interview.

We use your home addresses and distance from the University in scheduling the individual interviews, with applicants who have travelled the furthest to attend an interview prioritised for an early interview. Your interview is the last event of the day. We will try to get you on your way as soon as possible, but on particularly busy days the last interviews for those who live closest to the University may be around 4.30pm - 5.00pm.

**If you need to leave early (if for example you have a specific train to catch) then please let us know before you arrive for interview so that we can try to prioritise your interview accordingly.**

If you or your guests have special needs then please let the staff at reception know what these are. If you are disabled you may also request to have a brief meeting with our School's disability coordinator to discuss your support needs while you are a student on your course.

After your interview, staff will be available should you have any further questions to ask about studying at Teesside University.

We very much hope that the day was informative and enjoyable for you and your guests. Please contact us if you find you have further questions.

We have enjoyed meeting you and your guests, and we hope to meet you again at the start of your studies.

**Have a safe journey home.**
